### CALIFORNIA SPEAKS!

Significant Statements by Interesting Californians

GOV. EARL WARREN, on signing post-war construction bills for \$14,750,000—"This will enable California immediately after the war to launch a construction program to provide jobs for our service men."

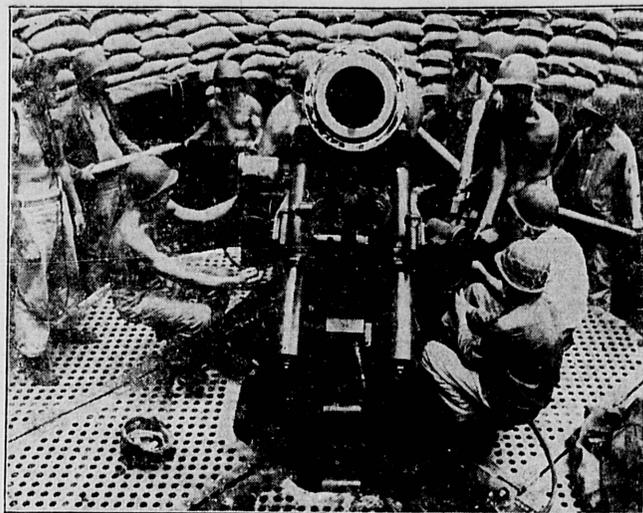

E. DAVID SMITH, machinist mate of Navy's famed "Lion One," in letter from war zone—"Writing letters by candle light is no easier than you'd think. But Lincoln could read by it, so I guess it will do for us."

MAJ. GEN. GILBREATH, commanding S. F. Port of Embarkation—"One motor depot near here can put 3000 vehicles a day into shipping condition for use on arrival at destination. If the modern army wins a war on wheels, then we will certainly win!"

GORDON GARLAND, State Motor Vehicle Chief—"If you have to hurry on your weekend auto trip, start on Monday."

SHERIFF EUGENE BISCALUZ—"Racial ideologies prevent any Japanese from ever becoming a loyal American. The Japs must remain interned."

Women's organizations in England assist in the collection of herbs for medical purposes.

**BUSINESSLIKE SNOOT**—This anti-aircraft gun pokes its way skyward while members of the crew get down to business. At extreme left is the "talker" with his telephone on his chest. Behind him are the ammunition passers, handing up projectiles from ammunition

dugouts on either side of the emplacement. Just at the right of the gun a shell is going into the fuse-setter which sets the fuse to burst at a predetermined altitude. Sitting at either side of the gun are the men who match pointers on the dials of the mechanism which keeps the muzzle of the gun on the intruders.

### Rotarians to Hear War Facts Talk

"Behind the Scenes and Facts Regarding the War Effort" will be discussed at tonight's Rotary club meeting by Ralph P. Kimmmerer, vice-president of the Coast Fishing Co. He was one of 500 businessmen who took an Army-sponsored course recently at Fort Leavenworth, Kan. He will be presented by Program Chairman Hillman Lee.

### GLENDALE VISITOR

Miss Marvyle McLean of Glendale was a weekend visitor at the home of Messrs. and Mrs. Harold Clemmer, Casper Clemmer and Charles Mothersole.

Martinez has an area of 385 square miles.

### New Homes for Buyers Ready

Better built homes of two and three bedrooms, all distinctively designed and different and constructed with materials which are not to be obtained, are available to those who desire close-in location to Torrance war plants at 214th, 215th and 218th sts., between Harvard Blvd. and Denker Sts. The tract office is located at the corner of 218th St. and Harvard Blvd.

Samuel H. Goldstein builder, says that these homes, priced at \$4525, are available on F.H.A. terms and are ready to move into. They are exceptionally well constructed and include many features which must be seen to be appreciated. Inspection is invited at any time.

### FOOD POINT CHANGES

Point changes in the ration values for processed foods—effective Sunday, June 6—will be confined to a single food classification—vegetable juices—the O.P.A. announced today. Tomato juice, and all vegetable juice combinations containing 70 per cent or more of tomato juice will be reduced from 4 points a pound to 2 points, placing the vegetable juices on the same point level as most fruit juices.

### Labor Shortage Hits Bus Firms

Why today's manpower shortage makes it increasingly important for the public to voluntarily limit pleasure trips and cooperate closely with transportation companies has been explained by F. W. Ackerman, vice president of Pacific Greyhound Lines.

"If Selective Service Boards indicate an appreciable number of fathers this year, the manpower shortage of intercity bus companies will become even more acute," Ackerman said, quoting from a study just made by the National Association of Motor Bus Operators.

"This study," Ackerman stated, "shows that 73 per cent of all bus drivers are between 21 and 37 years of age, and 62 per cent of maintenance personnel are between 18 and 37. Most of these men have been deferred because they have children. Last year the nation's bus lines lost nearly half of their bus drivers principally to the armed forces, although transportation is considered a vitally essential vocation.

This problem of employment is one of the most important reasons why transportation companies are urging the public to limit all their travel to trips that are absolutely essential, the bus executive pointed out.
